TECHNICAL SKILLS

Circuit Design & Analysis
PCB Design and simulation
Network Design & Config.
Embedded Systems Analysis
Routing & Switching
HTML, CSS, Javascript
Bootstrap
Git & GitHub

SOFT SKILLS

Problem Solving
Critical Thinking
Attention to Detail

LANGUAGES

English
Swahili

HOBBIES

Technical Blogging
Hiking & Nature Exploration
Fitness & Gym
Cycling
Logic Puzzles
Video Games
Music

PROFILE

I am an ambitious Electrical and Telecommunication Engineering student committed to mastering and leading in my field. I am building deep technical skills across electrical systems, communication networks, and emerging technologies. Alongside this, I work as a part-time Front-End Developer, giving me a practical edge in designing digital solutions. My goal is to dominate the ETE space by combining engineering precision with modern software skills to deliver innovative, high-impact solutions in real-world environments.

EDUCATION BACKGROUND

Bcs. Electrical & Telecommunication Engineering
September 2023 – Present
Institution: Multimedia University Of Kenya

Secondary School Education
January 2019 – December 2022
Institution: Kisii High School

Primary School Education
January 2011 – December 2018
Institution: Ober Boys' Boarding School

Lower Primary Education
January 2008 – December 2010
Institution: Goodseed Academy

RFFERENCES

Fred Mogaka
Senior Chief Principal
Kisii High School
Phone: +254...
Relationship: Academic Supervisor, School Principal

Millicent Kerubo
Teacher
Kisii High School
Phone: +254...
Relationship: Class Teacher, Mentor
